ARE YOU "ALL SH₀₀K UP?"

Well, who wouldn't be after riding over that "road?" And how about the "convenience" of those "rest rooms?" Boy, what a place for a theatre, why don't "they" do something about it?

The fact is, KP is pioneering in what will become a very lovely community. Besides residential, our neighbors will include a hospital, a school, and other commercial developments. There will be smooth roads to spare, and as soon as the city lays sewerage pipes close enough, we will hook up to them and construct modern, permanent rest rooms.

Oh, you want to know when? We can only give you the answer we get, "In the near future." Bear with us, have faith, for this, too, shall come to pass.
